DEPARTMENT OF THE INTERIOR,
INDIAN SCHOOL SERVICE,

Western Navajo School, Tuba, Arizona.

September 28, 1905.

The Honorable Commissioner of Indian Affairs,

Washington, D.C.

Sir:

In reply to Office letter of Sept. 16, 1905 inclosing circular A in reference to taking census of Indians, I have the honor to report that no census of the Indians on this reservation has ever been taken, and I do not believe it would be possible to take any thing like an accurate census, at this time.

It certainly could not be done without incurring expense, as there is no one in the employ of the government who is capable of acting as interpreter, and it would be necessary for the Indians to understand the nature of the inquiry.

There is no one on this reservation who understands enough of both English and Indian to act as interpreter; this accounts for a great deal of the dissatisfaction that prevails among these Indians at this time, in regard to the Government's policy towards them.

If I should undertake to comply with the circular named above at this time, without a competent interpreter, some designing person would start a rumor that the enumeration was for some purpose, harmful to the Indians, and thus create a hostility, that would make it impossible to get a correct census for many years to come. A few deaths among those enumerated would be sufficient to arouse the superstitious fears of these Indians, and they would not only

Census

oppose the census but my other view that I might make.

In view of the above conditions, I believe it would be advisable to postpone the taking of a regular census of these Indians until better results can be obtained than are possible now, and that I be permitted to submit an estimate for this year.

The girls are married at a very tender age, 5 to 12 years, would it be expected to count them as school children after they are married. The boys marry from 16 to 18 or older, according to their ability to pay for a wife. The old men marry the young girls, and the boys marry old widows, or the cast off wives of the older men. I can submit a fairly accurate estimate of the number Indians, as men, women, children, as my estimate that could be taken now.

Very respectfully,

Wm. H. Murphy,
Superintendent.

Census
1916

Mr. Walter Runke,

MAR 24 1916

Supt. Western Navajo School.

My dear Mr. Runke:

Your annual report for 1915 shows a population of 6,650 Indians, while the census submitted for the base year shows only 262 Hopi Indians.

In this connection your attention is invited to Section 9 of the Act of July 4, 1904 (23 Stat. L. 98), which requires that Superintendents in charge of Indian Reservations submit annually a census of all Indians under their jurisdiction.

The Office is making every effort this year to secure a complete census of all the Indians in the Navajo country.

In view of these facts, the Office requests you to prepare a list (arranged alphabetically by families) of all Indians under your jurisdiction, on Form B-128, for the fiscal year ending June 30, 1916.

Very truly yours,

(Signed) E. B. Meritt

Assistant Commissioner.

DEPARTMENT OF THE INTERIOR
OFFICE OF INDIAN AFFAIRS

WASHINGTON

1916.

Western Navajo School, Tuba, Ariz...

April 6, 1916.

The Commissioner of Indian Affairs.

Washington, D. C.

Sir:-

I have the honor to acknowledge receipt of Office Letter dated March 24, 1916, referring to the matter of the taking of a census of the Indians of this jurisdiction. As stated in the letter named I succeeded this last year for the first time in the history of this jurisdiction in making a complete census of the Hopi Indians residing here. Nothing whatever in any way, shape or manner has ever been attempted previous to this time in the matter of making a census of the Indians residing on this jurisdiction, and as I look at it, it will be a stupendous task. The Office requests that I prepare a list arranged alphabetically by families of all Indians under this jurisdiction. To do this practically means taking an actual census and I have not the necessary employees to do that at this time. It will thus be seen that the Office is practically requesting of me what is an impossibility under present circumstances.

Very respectfully,

(Signed) Walter Runke,
Superintendent.

MAY -6 1916

Mr. Walter Runke,

Supt. Western Navajo School.

My dear Mr. Runke:

Reference is made to your letter of April 6, 1916, regarding the impossibility of your making the Navajo census this year, because of the insuperable difficulties which confront you.

In view of these facts, you are advised that the taking of the census in question may be deferred for the present, provided that all practicable arrangements be made for taking a complete census next year.

With the exception of a few reservations where Superintendents have similar difficulties to contend with in obtaining an accurate census of the Indians under their jurisdiction, the data secured for the 1915 census report has been the most complete and reliable yet obtained.

In this connection you may be interested to know that the information thus far obtained regarding vital statistics of the various Indian tribes is proving of inestimable value to the Office in assisting it to formulate plans whereby

more effective work may be accomplished in educating the Indian so that he may finally be in a position to receive the benefits of an enlightened civilization.

Very truly yours,

(Signed) C. F. Hauke.

Acting Assistant Commissioner.

The Commissioner of Indian Affairs,

Washington, D. C.

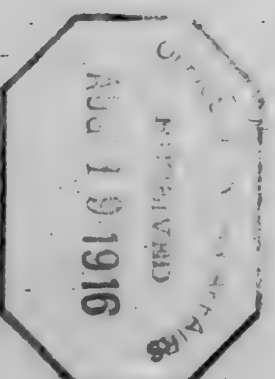

Sir:-

In accordance with instructions contained in Office Circular dated April 13, 1916, I have the honor to transmit herewith one copy of Census Roll taken of the Hopi Indians only belonging to this jurisdiction, also the property census of the same Hopi Indians. The census roll of the Navajos and Putes of this jurisdiction has not been taken due to lack of means for conducting such an extensive task.

Respectfully submitted,

Walter D. Banks

CENSUS

Annual Report,
1925.

DEPARTMENT OF THE INTERIOR
UNITED STATES INDIAN FIELD SERVICE

Eastern Apache Agency, Tuba City, Ariz.

June 30, 1925.

The Honorable,

Commissioner of Indian Affairs.

Sir:

With this letter I am having forwarded in duplicate the narrative and statistical sections of my Annual Report for the year ending this date.

A Census is not included on account of the fact that until some information can be offered to have the boundaries of this jurisdiction come to certain points within the reservation to be there listed for census and other statistical purposes it will be impossible to secure this definite information. It is hoped to so organize the work here that by the time another Annual Report has to be made I shall have closer estimates to submit, both on population and other figures, which will be practically accurate.

Very respectfully,

6/30/25

Sept. 18th, 1924.

The Honorable,
Commissioner of Indian Affairs.

Sir:

There is now transmitted with this letter the Census of the Hopi Indians under this jurisdiction for filing with the Annual Report from this Agency.

A special effort was made by the Field Matron to get an accurate census, which resulted in finding that many errors had been made in the Census of 1922 and which now will not allow a reconciliation of the two records.

Very respectfully,

Harvey K. Neyer
Superintendent.

Commissioner of Indian Affairs,
Washington, D. C.

Sir:

I respectfully submit herewith three copies of the narrative section of my Annual Report for the fiscal year 1924, and two copies of the statistical section of the same report, covering the Hopi Indian Agency.

The census will follow at an early date, but on account of making out an entire new census for the Hopi villages it has been delayed a little. It will be impossible to submit a census covering the Navajoes at this time.

Respectfully yours
